

11. Member Initiated Discussions Hall

Hello again, this is Toni. Are you ready to see the Member Initiated Discussions Hall, back inside the Lobby, and upstairs?

As a member, you can join in any topic you see listed in the “Various Topics” list, just by clicking on it. This also is where you can open up a dialogue on any topic that you wish. We would hope that topics would have some relevance to Higher Consciousness, but it is not a rule. As the one who raises the topic, all future responses will be directed to your lead comments.

Look through the list of active topics regularly. At any given time, there may be dozens of active topics. You may find a discussion thread in an area that you were not even aware was of interest to you.

Discussion topics will remain active as long as there is active interest. When a discussion thread is dormant for awhile, it may be deleted from the list.

This section provides infinite opportunities to ask questions, add comments, explore specific subjects, or seek creative answers. You never know who is going to post a response.

Now, let’s move right next door, to the Consciousness Education Center. Click on Section 12, to continue this tour.
